*Lucketts Ruritan*  
*Community people serving community needs*

**One of the benefits of becoming a Club member is sharing fellowship in a diverse and respectful environment.**

Ruritan Club members build new friendships within the Club and with our community by spending time with each other enjoying our beautiful countryside, our heritage, and our community resources. Political, religious and other differences are respected because we promote a shared desire to build good relationships with all of our neighbors.

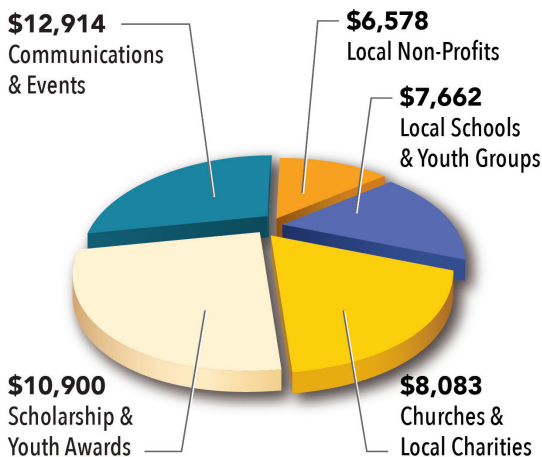

**Joining Ruritan is all about being a good neighbor.**

Ruritan Club members extend goodwill to our community through recognition programs, communication projects and promotional activities, as well as direct financial support. We celebrate and partner with everyone who is working to make Lucketts a better place to live.

**Membership provides an opportunity to work together for the good of the community.**

Ruritan Club members focus on projects and fund raising activities that directly serve our community. Monies raised support the Club's scholarship, youth development and goodwill efforts. These efforts contribute over \$40,000 in direct support to the community every year.

Members meet on the second Tuesday of every month from 7:30pm to 9:00pm at the Lucketts Community Center for a meal, a speaker and a review of current Club priorities.

Quarterly, the Club underwrites the design and distribution of Lucketts News & Notes. This publication is all about Lucketts — our people, our history, our local events and all things that build pride in our community. This is done in conjunction with the Lucketts Community Center Advisory Board and is not funded by any advertising or promotional revenues.
